SALES PERFORMANCE

Project Backgorund

Profile

Gayanara is an **online fashion** retail company that manages products across **6 main subcategories**, with a focus on digital-based sales.

Dataset

- 800 customers
- 300 order_items
- 3.000 orders
- 4.986 products
- 1.500 reviews

Context

This dashboard was built to address the issue of data fragmentation at Gayanara, consolidating **sales metrics**, **order statuses**, and **payment methods** into a single interactive screen to accelerate business decision-making.

SALES PERFORMANCE

5 Key Question to Answer

Overall Sales Performance

What are the **total units sold**, **gross/net revenue**, and **Average Order Value (AOV)**?

Product Demand

Which product categories drive the **highest sales volume**, and what are their historical **trend patterns**?

Fulfillment Efficiency

What is the **percentage** of orders delivered compared to those **shipped**, **cancelled**, **processed**, or **returned**?

Payment Method

Which **payment method** is the **primary choice** for **transactions**?

Top City Revenues

Which **cities rank** in the **Top 5** for **revenue** and should be the focus for market expansion?

SALES PERFORMANCE

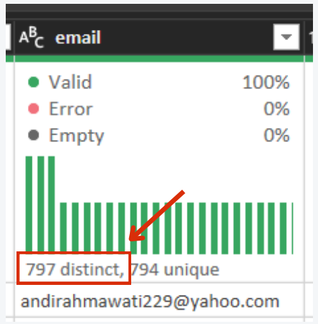

Methodology

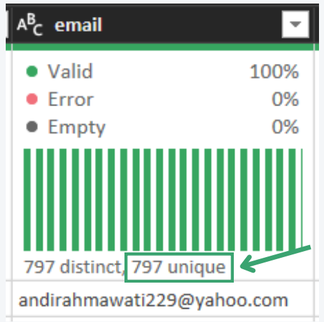

SALES PERFORMANCE

Cleansing Data

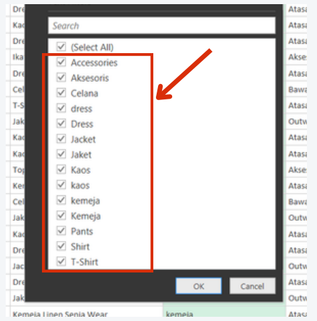

Before

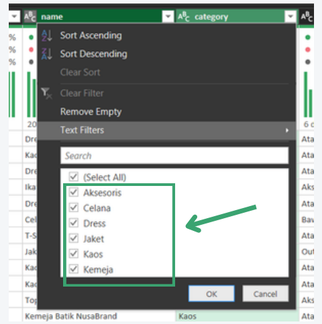

After

Before

After

Action

- **Removing duplicate emails** from the `**customers**` table.
- Standardizing the **capitalization** format in the `**category**` column of the `**products**` table.
- Harmonizing **mixed/bilingual** category terms (e.g., celana vs. pants, kaos vs. shirt/t-shirt, aksesoris vs. accessories, and jaket vs. jacket) and removing duplicates.

SALES PERFORMANCE

Dashboard Overview

PowerBI Recording

1 KPI Summary

- Total Unit Sold
- Total Revenue
- AOV
- Net Revenue

2 Sales & Product Performance

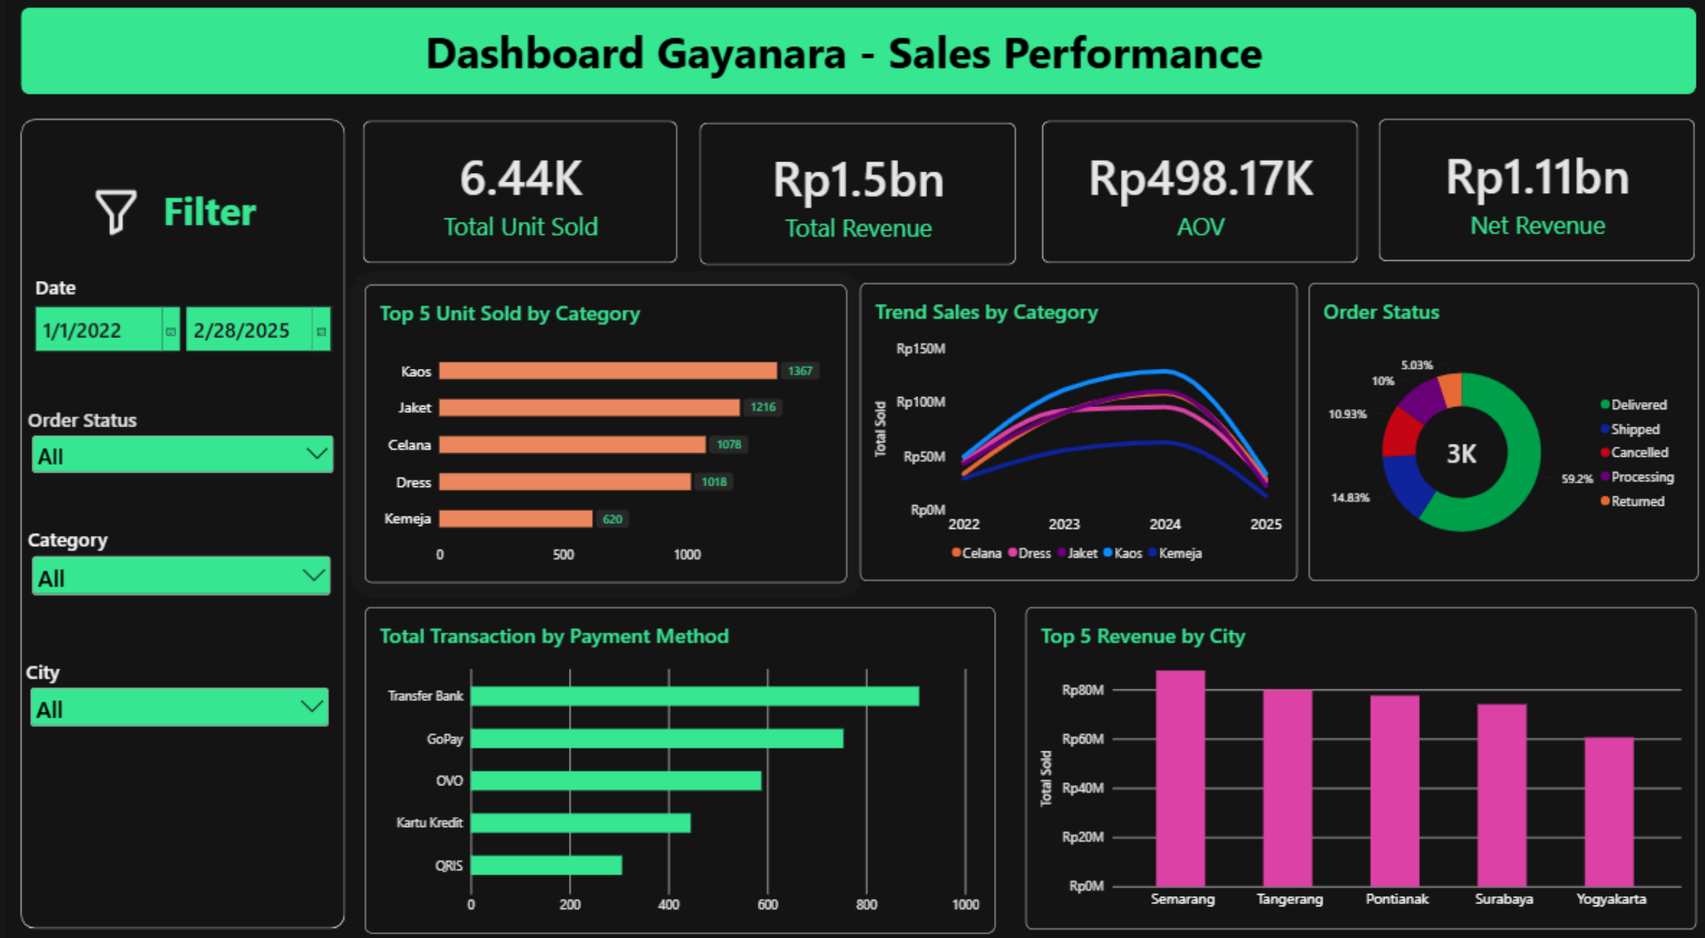

- Top 5 Unit Sold by Kategory
- Trend Sales by Kategori

3 Operational & Order Fulfillment

- Order Status

4 Payment & Geographic Insights

- Total Transaction by Payment Method
- Top 5 Revenue by City

SALES PERFORMANCE

Insight 1 : Executive Sales Performance

6.44K
Total Unit Sold

Rp1.5bn
Total Revenue

Rp498.17K
AOV

Rp1.11bn
Net Revenue

Key Findings

Total units sold reached **6.44K** with a **Total Revenue** of **Rp1.5bn**, an **Average Order Value (AOV)** of **Rp498.17K**, and a **Net Revenue** of **Rp1.11bn.**

Business Impact

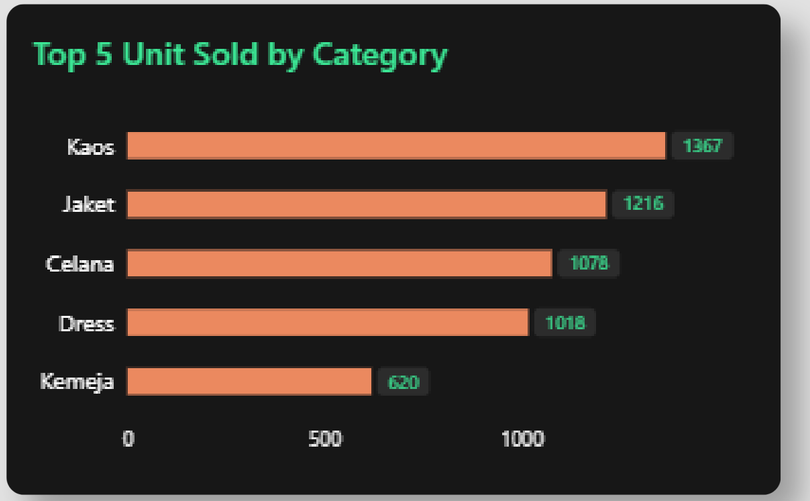

Demonstrates a **healthy financial performance** and **high average transaction value,** ensuring overall gross and net revenue stability for Gayanara.

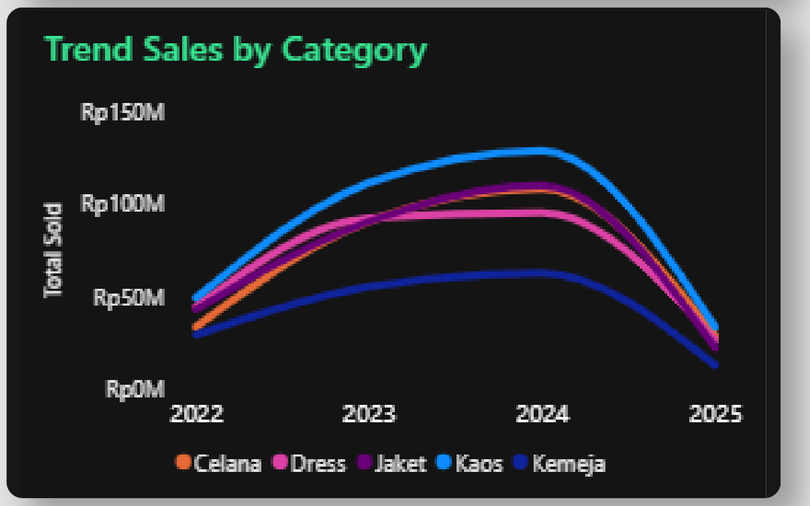

Recommendation

Maintain current sales strategies while continuously **monitoring AOV** metrics to **maximize profit margins** per **transaction**.

SALES PERFORMANCE

Insight 2 : Top Product Categories and Sales Trends

Key Findings

Kaos, jaket, and celana sales volume, showing **strong growth** from **2022** and **peaking** in **2024**, before experiencing a **significant decline** in **2025**.

Business Impact

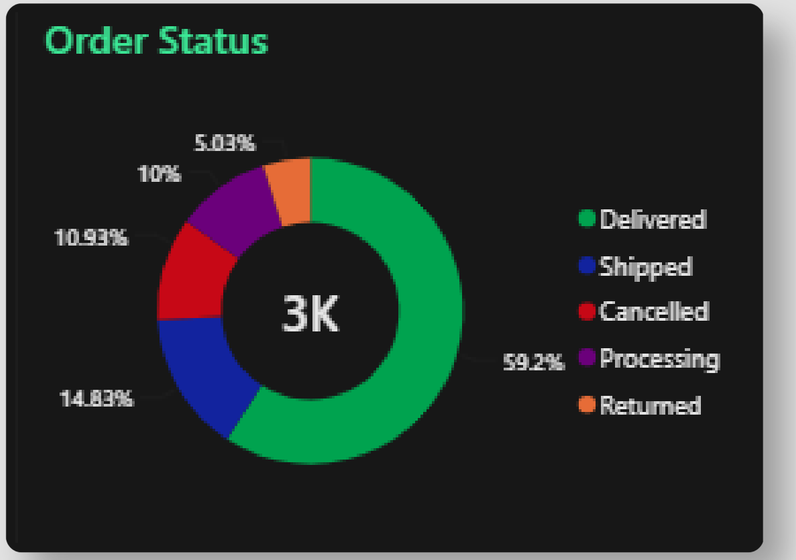

Provides management with detailed visibility into **fast-moving products**, allowing **stock planning**, **seasonal restocking**, and **marketing strategies** to be effectively aligned with **consumer demand patterns.**

Recommendation

Focus inventory allocation and marketing on **high-performing** categories **(kaos and jaket)**, while **reviewing** product lines that are **underperforming**.

SALES PERFORMANCE

Insight 3 : Order Status and Operational Efficiency

Key Findings

The majority of orders were successfully **delivered** (**59.2%** out of **3K total orders**), with the remainder split across **shipped**, **cancelled**, **processing**, and **returned statuses**.

Business Impact

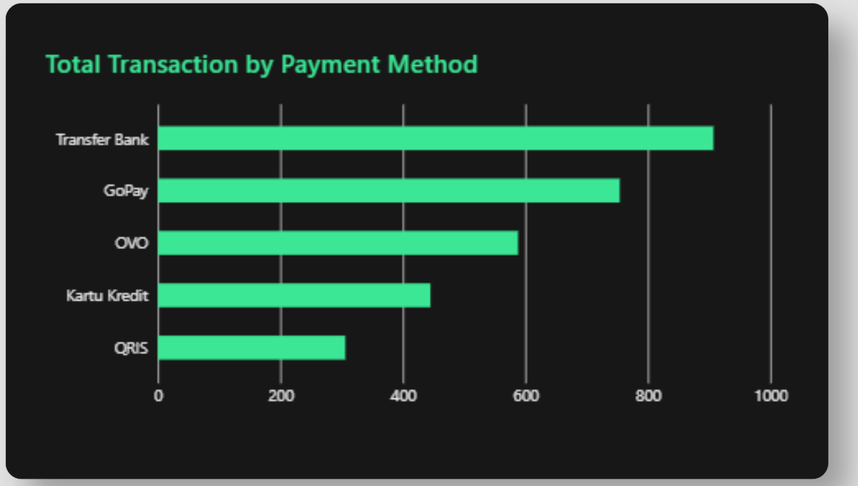

Operational logistics perform well overall, but **cancellation** and **return rates** need to be **minimized** to avoid **revenue loss** and **unnecessary** operational costs.

Recommendation

Strengthen quality control before shipping and analyze order **cancellation reasons** to enhance customer satisfaction.

SALES PERFORMANCE

Insight 4 : Customer Payment Method Preferences

Key Findings

Bank Transfer and E-Wallets (GoPay, OVO, QRIS) represent the **primary payment** methods used by customers, followed by Credit Cards.

Business Impact

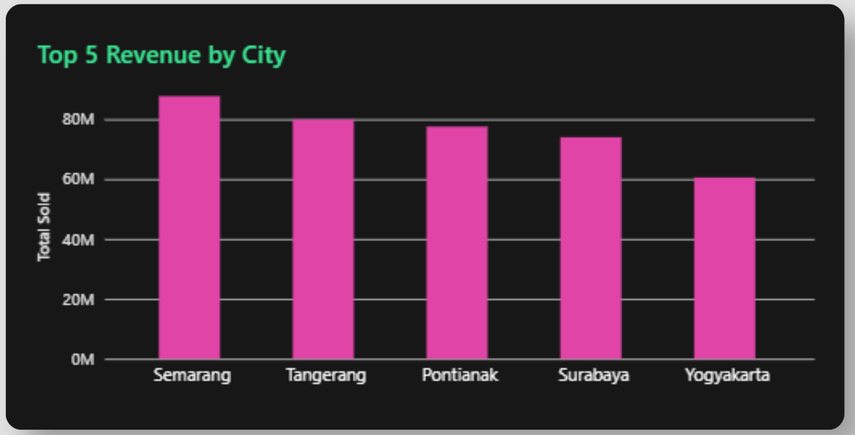

High digital payment adoption speeds up financial **reconciliation** and **ensures a transparent**, reliable cash flow.

Recommendation

Expand promotional partnerships or **cashback** offers with top digital payment providers to further increase checkout conversion rates.

SALES PERFORMANCE

Insight 5 : Geographic Revenue Distribution (Top 5 Cities)

Key Findings

Semarang, Tangerang, Pontianak, Surabaya, and Yogyakarta emerge as the T**op 5 revenue**-generating cities for Gayanara.

Business Impact

Pinpointing primary target markets allows for more efficient marketing budget allocation and targeted regional logistics.

Recommendation

Deepen market penetration and **run localized marketing promotions** across these top 5 key cities.

SALES PERFORMANCE

5 Insight into Strategic Action

Key Insight

- Gayanara achieved a total gross **revenue** of **Rp1.5bn** and a **net revenue** of **Rp1.11bn** from **6.44K units sold**, with an **Average Order Value (AOV)** of **Rp498.17K**.
- **Kaos, Kemeja, and Celana** dominate overall sales volume, with **demand peaking** during the **2023–2024 period.**
- **59.2%** of the total 3K orders were **successfully delivered**, though a portion of orders still encountered cancellations and returns.
- **Bank Transfer and E-Wallets (GoPay & OVO)** serve as the primary payment channels chosen by customers during checkout.
- **Semarang, Tangerang, Pontianak, Surabaya,** and **Yogyakarta** are the **top 5 revenue**-generating cities for Gayanara

Recommendation

- **Continuously boost AOV** by implementing strategic product bundling and cross-selling complementary fashion items.
- **Prioritize inventory procurement** and **marketing budgets** for **top-performing** categories (Kaos and Kemeja) to prevent stockouts.
- **Strengthen pre-shipment Quality Control** and **audit logistics** bottlenecks to **minimize cancellation** and **return rates.**
- **Launch exclusive cashback** or **promotional campaigns** in partnership with preferred Bank Transfer and E-Wallet gateways.
- Optimize **geo-targeted digital marketing** campaigns and streamline regional delivery routes across these **top 5 key markets.**
